Take the Plunge!

*Moisturizing and Remineralizing Body Wrap*

**\$130**

This ultimate beauty treatment for the body moisturizes, remineralizes and rebalances your body and spirit. After a deep exfoliation we envelop your body in the most decadent warm body gel containing trace minerals from seawater, lavender, ylang ylang, sandalwood, basil and sage. After a warm shower, a luxurious body cream is applied head to toe to seal in moisture and nutrients, leaving you feeling as if you took a plunge into a tub of relaxation.

Shape-up!

*Contouring Body Wrap*

**\$125**

This body treatment was especially designed as a compliment to any contouring or weight loss program. It leaves your skin soft on the outside while its active ingredients boost the natural process of lipolysis (fat burning) on the inside. This two-phase contouring wrap begins with an application of detoxifying self-heating sea mud to release excess water and flush toxins from the body. The second phase firms the skin and reduces dimpling with a potent cooling peppermint gel, followed by a smoothing and contouring moisturizer. Best results are obtained in a series and an at-home regimen is highly encouraged.

Bubble Away!

*Foaming Seaweed Body Wrap*

**\$115**

Let our warm seaweed wrap melt away your worries and your body's aches and toxins as it literally bubbles around you – head to toe! This treatment combines the natural detoxifying properties of seaweed with a heating element to give you relief from muscle strains, tightness, stiffness, and aches. This is a great way to obtain deep relaxation and complete body detoxification while actually treating real physical concerns. It is also a wonderful prelude to a therapeutic massage.

Bare it All!

*Back Treatment*

**\$120**

Need to bare your back? Completely relax as we treat that one area which can be really hard to reach. A deep cleansing and exfoliation eliminates impurities and dead skin cells and a stimulating cream masque infuses an even tone. This treatment will eliminate acne or clogged pores, and soothe irritated or sun damaged skin, leaving you with a clarified, healthy back.
